Promoting the
Characteristics of
Effective Teaching &
Learning

Explorasaurus

Playing and exploring

Explorasaurus loves finding out about the world using all her senses. She explores and investigates, asks questions, and isn't afraid to try new things. She enjoys using what she knows in her play and always has a 'have a go' attitude!

House

Thinkasaurus

Creating and thinking critically

Thinkasaurus is full of clever ideas! He likes to solve problems, test out what might happen, and think about what he has learned. He finds his own way to do things and links ideas together to figure things out.

Tryasaurus

Active learning

Tryasaurus keeps going even when things are tricky. He really concentrates and stays involved in what he's doing. He doesn't give up and feels proud when he finishes something he has worked hard on!
